STITCH!

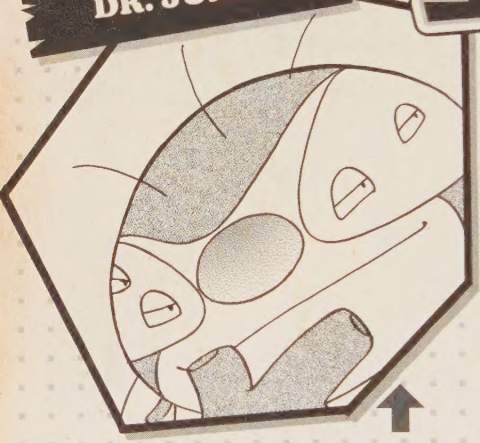
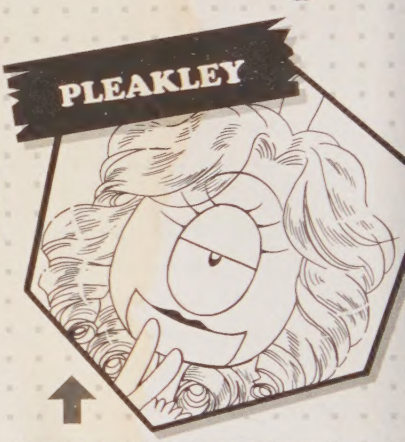
DR. JUMBA



A self-proclaimed evil scientist and Stitch's creator. He came to Izayoi with Pleakley in search of Stitch.

PLEAKLEY

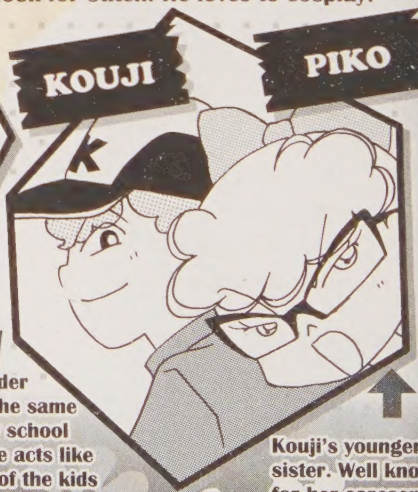


A self-proclaimed leading Earth expert, he is carrying out his role of gathering information for the Galactic Council. He came to Izayoi along with Dr. Jumba to look for Stitch. He loves to cosplay.

KIJIMUNAA

A yokai taking the form of a young boy who lives in the forests of Izayoi. He is supposedly the greatest yokai on the island, but he's an incredible coward and tends to keep to himself. He rarely ventures out beyond the forest.

KOUJI



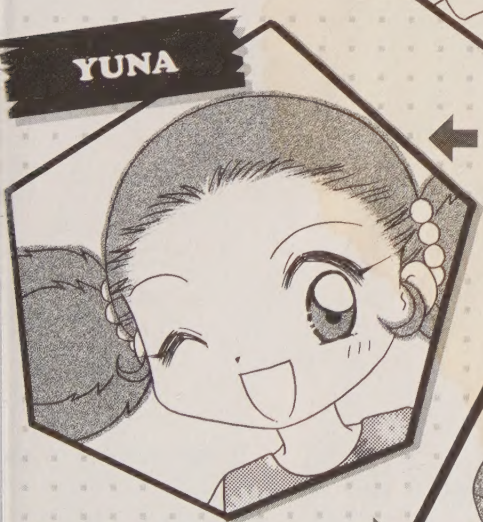
A sixth grader attending the same elementary school as Yuna. He acts like the leader of the kids of the island and is always throwing his weight around.

PIKO

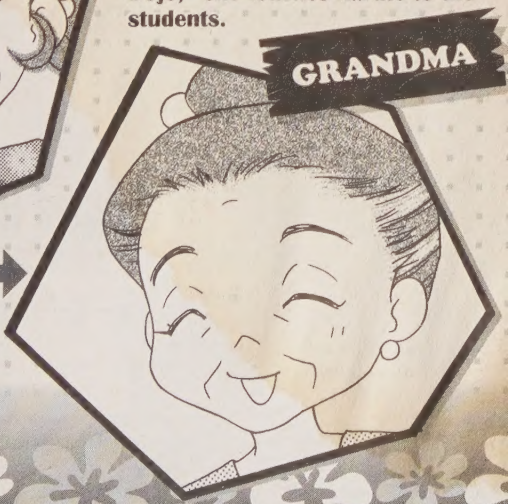
Kouji's younger sister. Well known for her sarcasm and a sore loser.

CHARACTERS

The 626th experiment made by Dr. Jumba. Has the brain of a super computer and a great sense of smell, amazing night vision, good hearing, and uncanny strength. However, he causes all sorts of trouble because he can't distinguish between right and wrong!



An incredibly energetic little girl living with Grandma on the Okinawan island of Izayoi. She is especially good at karate. As the heir of the "Chitama-style Karate Dojo," she teaches karate to the students.



Yuna's grandmother. She knows an awful lot about Izayoi's traditions, culture, and nature. In addition to those on Izayoi, she's also friends with yokai spirits throughout the world.
